BAKDIL, an NGO based in Garo Hills in Meghalaya working for the social economic development of the people of Garo Hills for the past 40 years. Its motto is Ensuring Life, Livelihood and Liberation. BAKDIL at present is engaged in 7 major projects covering entire Garo Hills and these are Community Organization Programs, Promotion of sustainable environment, Women Empowerment Programs, Promotion of Health and Well Being, Sustainable Livelihood Development, Financial Literacy and Services, Promotion of Sustainable Environment and Development through Proper Utilisation of natural resources.

For Sustainable Livelihood Development, BAKDIL signed an MOU with Government of Meghalaya for setting up of PRIME hubs in the nine blocks in the three districts of Garo Hills in Meghalaya. The Promotion and Incubation of Market Driven Enterprises (PRIME) is an initiative to provide systematic and targeted support to existing and aspiring entrepreneurs. The underlying principle of this strategy is to provide continuous assured income through various farms and off farm enterprises. These enterprises will be linked to markets, local and national, with a focus on developing the entire value chain of these activities. The overarching objective is to have sustainable livelihoods as pathways out of poverty. The major agriculture/horticulture/animal husbandry products available in the block like cashew nut, turmeric, ginger, pineapple, jackfruits etc. are available in Garo Hills. PRIME Hub will be set up for one or more of these products available in a cluster.

To facilitate the entire Value Chain Work especially production and processing of these major products of the respective blocks, BAKDIL is looking for Enterprise Demonstrators/Production Facilitators/Incubators who will be able to provide necessary support in setting up of PRIME Hubs.
